Dear Park & Recreation Professional,

Thank you for taking an interest in JamFam Productions, LLC. We are pleased to introduce you the most comprehensive municipal event services and coordination company in the Northeast, if not, the nation. JamFam was created to make the life of the Parks & Recreation team and Municipal Events Committees easier. We take the bulk of the hiring, planning and coordination off your plate while you make the important decisions.

At JamFam Productions, we can coordinate your entire setup-- including platform stages and mobile stages. Our experience has taught us that no two setups are the same, so let us help you find the proper stage setup for your event at the proper price. JamFam is with you from start to finish, as we provide top-quality equipment and also coordinate certified sound and lighting engineers to operate everything. Your setup from JFP could include a platform stage, with or without lighting, or a mobile stage equipped with a roof for hanging the sound and lights--and it's all operated by our certified industry professionals. We also pride ourselves on building customized PA systems that will fill every corner of your fields and parks with sweet sounds.

Whatever vision you have for your event, JFP has the resources to bring it to life. We have 150+ top-quality bands in most every genre that will provide family-friendly entertainment. We can fulfill your musical needs with local NJ favorites and known nationally-touring acts, too. Other companies use their "exclusive" band lists that really just limit your options. JFP will work with any band and that includes acts on the other guy's "exclusive" list!

Your budget and needs are the guiding factors to planning your event. Together we'll choose from our 150+ bands, the varied stage/sound/lighting options, our 250+ food trucks and our 300+ craft/merchandise vendors. We are here to coordinate and support every aspect of a truly memorable event. You'll be pleased with the ease of hiring JFP to do it all, versus chasing down every detail yourself and you'll be thrilled with the outcome.

No two events or municipalities are alike, as a result, JFP customizes each event to respect your budget while delivering quality to every aspect of your event. We work alongside your Parks & Rec Team/Committee/Council and also coordinate with municipal departments like DPW and Police. That ensures we can deliver professional and FUN events! We look forward to planning an amazing day for your community.

Gratefully,

Mike Kestin, President  
JamFam Productions, LLC.

# STAGE PRODUCTION & PARTY RENTALS

## Stage Production

We coordinate stage platforms to mobile stages. We understand that no two stages, or platform setups are the same, so let us help you select the proper stage system for your event within your budget. From start to finish, we'll be there to help you organize and set up your event, and we don't just offer you the best equipment but also the best labor services. Whether you are looking for a mobile stage with a roof system equipped with sound and lighting, or you have a request for a platform stage with or without lighting, we've got you covered! We coordinate certified sound engineers and lighting techs to professionally operate the equipment. Our customized PA systems supply more than ample sound output to fill your fields with amazing acoustics. Whatever your vision is, we'll help you bring it to fruition.

## Tent & Furniture Rentals

JamFam partners with full-service event rental companies committed to providing quality products and excellent service. Our ultimate goal is to deliver an event that both our staff and customers will be proud of.

We have a huge selection of items for rent! Our attractive tents will enhance your event and can accommodate a few hundred guests at your concert series or 15,000 strong at your 4th of July extravaganza. We're pleased to also offer: chairs, tables, linens and disposable table coverings, dance floors, bar accessories and commercial stoves and grills. Rest assured, JamFam Productions has you covered!

# BOOKING THE BANDS

## Drum Roll Please.....

JamFam has a direct relationship with 150+ bands (original, cover and tribute) working out of the Tri-State Region and the Northeast. We also routinely book nationally-touring well-known acts to perform at our NJ events. We are excited for the opportunity to stage any or all of your municipality's concerts this year and beyond! JFP's capabilities range from booking one or two acts on your schedule to coordinating your entire year of events (concert series, holidays, special local promotions, etc.). We coordinate everything with you as our partner to ensure top-caliber, professional events.

## JamFam is Unique!

At JamFam, we position ourselves as part of your team to serve you best. We are set up differently than the typical outside Talent Agent, who is tied to their small exclusive and stringent roster of bands. They can only offer a small talent pool while we are independent and work non- exclusively with our talent. It's because of that relationship with our bands that we proudly offer the widest selection of bands available in any musical genre and will even book the bands from the other guys!

## The Music

Create a mix of music throughout your season of events with incredible genre-specific original artists, cover bands and tribute acts, ethnic bands--find something for everyone! Our cover bands play other artists' songs from a single genre. A tribute band plays the music of just one band and might recreate a famous live performance, song by song.

So close your eyes and open your ears and you'll feel the music of your favorite artist flowing over you--it can be as great an experience as the real thing. JamFam has earned the nickname "Tribute King" for our extensive lineup of tribute bands!
